Toce Energy, L.L.C. is formally requesting a 60-day extension to provide ICR information.

Toce employees are trying to finish year-end reporting and our permit division is occupied preparing and filing Tier II reports, production, severance, ERADS, and UIC-10s for the State of Louisiana. There are not enough man hours to complete this reporting before the deadline (February 10, 2017). We are asking for a 60-day extension to April 11, 2017.

Ms. (b) (6), who will be handling the bulk of this work, called Ms. Shine this morning and left a message. There is a lack of clarity in the instructions and she would like to have some questions answered, so that when time allows, she will be able to work on this project. Ms.

Please have someone call Ms. (b) (6) at (337) 232-6637 and please get back with us about Toce's request for extension.

Regards,
